

### **Villager Bus service change**

I am sorry to have to tell you that the Villager will be withdrawing the V 20 service to Witney on Thursday mornings from 29 September. We have had very few passengers in recent months and it has become increasingly difficult to run 2 buses on a Thursday, with shortages of drivers and increasing running costs. We know that there is a frequent commercial service every day and hope that this will meet the needs of town residents. Our Wednesday and Friday services through the town will continue.
