There was a brief discussion about possible uses that could be made of the Pavilion. The 'uses' for the Pavillion were explored to cover two areas: 1) Funding, in terms of grants, etc. and 2) To provide a revenue stream to offset the running costs.

It was agreed that prior to anything further, all in agreement for the action to get the Pavilion building surveyed. The agreement to proceed with the survey was based against the quote received was very reasonably priced. The outcome of the survey will enable to make informed decisions on Pavilion. This decision on the building survey needs to be agreed at full committee
